Figma complete course

## About me

Creative and enthusiastic individual with a unique approach to problem-solving, open to constructive feedback and driven by a passion for continuous learning and innovation.

## Skills

### Prototyping

Skilled in creating interactive and visually engaging prototypes using [Figma](#) to effectively communicate design ideas, [user flows](#), [wireframes](#) and functionality.

### Web Design

Proficient in crafting responsive and visually appealing websites using [HTML](#) and [CSS](#). Possess a basic understanding of [GSAP \(GreenSock Animation Platform\)](#) for adding simple, interactive animations to enhance user experience.

### Adobe Suite

Adept at using [Adobe Illustrator](#) and [Photoshop](#) for creating and editing graphic designs and visual content. Have sufficient knowledge of [After Effects](#) and [Premiere Pro](#) to handle basic motion graphics, video editing, and post-production tasks

## Projects(Experience)

### \* Dual screen interactive app

designed the interface for a dual screen kiosk device for an outdoor hiking brand. additionally did the branding of this company as well. the device is a touchscreen device with two screens which work simultaneously by touch screen showcasing different products of the brand.

### \* Restaurant app design

designed the interface of a family of eateries which has 3 different types of restaurants under it. Each restaurant has a different aesthetic, but a clean and simple design.

### \* 360 degree rotating app

designed the interface and assets for the same outdoor company but this one is specific just for the hiking bag. It showcases all the features of the bag in detail in multiple ways.

### \* Motion Graphics Video Production

made motion graphic videos on different topics for eg., advertisement for a selected tourist place, a product demo video, and a few more using after effects and premiere pro.

### \* More coming soon...
